# A-LIGN CAREERS

Join our Team.

Be all in.

## **ISO SENIOR CONSULTANT**

### About the Role

A-LIGN employs a business model that builds on the best of what the largest corporate security firms have to offer, such as the ability to offer high quality professionals a variety of project experience with high profile clients. What sets us apart is that we have eliminated time reporting, chargeability goals, and sales pressure.

As an ISO 27001 Senior Consultant, your primary responsibilities will include standard project execution and client service activities. Client engagements typically last two weeks, which allows our employees the opportunity to work on varied projects over the course of the year and gain varied, valuable experience.

**Reports to:** ISO 27001 Managing Consultant

**Pay Classification:** Full-Time

### Responsibilities

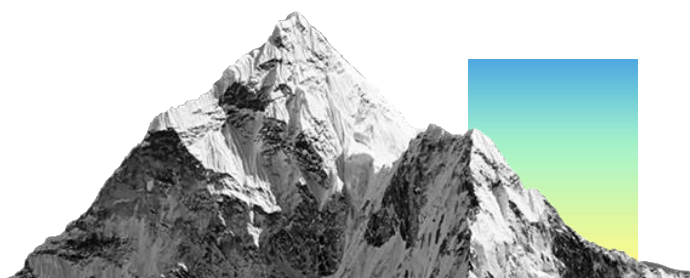

- Gather evidence on site and review
- Provide draft reports to management, within defined timelines
- Provide detailed project status reports weekly to management
- Organize client information on A-LIGN's drive
- Plan and execute ISO 27001 engagements under the direction of a member of the management team
- Communicate effectively to the client, prior to, during, and post on-site visit
- Review manager's planning meeting minutes, and prepare as appropriate for meetings
- Prepare lead sheets throughout the project

### Minimum Qualifications

#### **EDUCATION**

Master's or bachelor's degree in cybersecurity, management information systems, computer science, or relevant discipline

#### **EXPERIENCE**

## A-LIGN

At least 3 years of experience in the IT auditing field performing:

- ISO 27001 Internal Information system audits or information security reviews
